

REMARKS

Claims 1-40 are pending. Applicants have taken this opportunity to correct an inadvertent error in claim 31, i.e., to change "The process of claim 26," to "The composition of claim 26" and to correct incorrect numbering of the original claims. No new matter has been entered.

In response to the Restriction/Election Requirement, Applicants elect Group II, Claims 26-31 drawn to a composition, with traverse. It is respectfully submitted that both Groups I and II can be searched without undue burden because the subject matter of the claims identified as Group II overlap significantly with the subject matter of Group I.

As the Office Action has not presented any election of species requirements of Group II, Applicants have not elected any species.

Early and favorable consideration of this application is respectfully requested.

If any fee is necessary to make this paper timely and/or complete, it may be deducted from the deposit account of the undersigned, No.19-4375.

Respectfully submitted,
